Description
Globe University, formerly known as Globe College, has provided career training since the 19th century. Over the course of our history, our focus has not changed. We are committed to the following: Helping students achieve their personal, academic and professional goals, providing practical training for career success and measuring our success entirely in terms of our students’ success. At Globe University, every program, every course and every class provides practical skills and knowledge students later apply in their workplaces. We award master’s degrees, bachelor’s degrees, associate degrees and technical diplomas and certificates. Read More...
